DETOUR ROAD  
WORK RAPIDLY  
PROGRESSINGCitizens Along Road Donate Services  
to Haul Material—Enthusiastic  
Meeting at Barbourville  
WednesdayPLAN ON FOOT FOR NATION-  
AL PUBLICITY CAMPAIGN

One of the most enthusiastic and effective road meetings ever held in this section took place at Barbourville on Wednesday. Men from all places of the section affected by the improvement of the Barbourville-Corbin road were present. W. D. Motch and G. H. Talbott attending from Middlesboro.

Work along the detour has already begun in earnest. The men living along the route, realizing that they are more affected by the condition of the road than any other persons, are giving a great deal of their time to hauling the materials. The entire stretch from Woodbine to Barbourville is rapidly being put in good condition.

About 30 trucks and teams are being donated this week by residents of Corbin, Woodbine and Barbourville, to work today, Saturday and Monday, hauling stone from Woodbine and cinders and brick shale from Corbin to apply on the road. This work is all being done gratis by the men along the line who take a keen interest in repairing the detour road.

W. J. Sparks of the Sparks quarry in Mt. Vernon has generously given to the road improvement committee several car loads of stone for use on the road. He spoke very complimentary of the co-operation he found all along the line in keeping the road open.

Motch Motor Co. here have several maps pasted on their window with this route clearly marked, and that garage is establishing an information bureau for the use of tourists this way.

Charles O'Connor and N. Buckner are here today meeting with the publicity committee in connection with a national publicity plan which they are considering.

REST PERIOD FOR  
GROWING CHILDChildren As Rule Overtax Selves,  
Cause of Underweight, In-  
vestigation Shows

That lack of rest is the chief cause of underweight in growing children was proven by the Children's Bureau at Washington after an analysis had been made of the records of thousands of children who had been weighed and measured in the various schools of the United States. This was found to be true of the children from the homes of the rich as well as from the poorer homes. The child from the homes of wealth was found to have too much social life after school hours and late bedtime—the poor child had too many home chores.

School children, as a rule, carry a heavy program. If extra lessons, extra home tasks and social activities are added to this, it is impossible for the child to gain as he should. The underweight child should lie down when he returns from school, for at least half an hour. Bedtime for the school child should be 8 o'clock, and seven for the pre-school child.

Children should be able to finish their lessons by eight o'clock. If they are not able to do this there is something wrong with their school program. In small towns children are permitted to attend the picture shows each night; as a result their lessons are not prepared and they are dull and stupid the next morning. Attendance at picture shows should be limited to Friday nights.

If a child has no defects, such as bad tonsils, bad teeth, defective vision, etc., if he receives the proper kind of food and has sufficient rest, he should gain steadily and progressively each month.

The baby should have two naps daily—one in the morning and one in the afternoon. Up to six years he should have an afternoon nap. If a child is put to bed and becomes quiet he usually falls asleep. The children who do not have their daily rest period are cross and fretful by night-time and are not willing to go to sleep and are restless and sleepless.

## WEATHER FORECAST

WASHINGTON, Nov. 16—For Ken-  
tucky: fair tonight and Saturday; cool-  
er tonight.OPERATORS REFUSE  
WAGE CONFERENCER. C. Tway, President of Harlan As-  
sociation, Says No Need to Meet  
Mine Union Officials

As was to be expected, the Harlan Coal Operators Association will refuse to meet the representatives of the United Mine Workers in a wage conference at Harlan, Monday, November 26, as proposed in a letter from district headquarters, Knoxville, last week, addressed to the association, according to press announcement from Louisville, quoting R. C. Tway, president of the Harlan Association.

Mr. Tway is quoted as saying that "We have no contract with the United Mine Workers and never have had any. We will not hold a wage meeting with them. The mine workers are either trying to get a little publicity or stir up trouble. We will have nothing to do with them."

Along with press reports quoting Mr. Tway on the wage question, comes announcement from Knoxville that the executives of district 19, had decided not to move the district offices from Knoxville to Pineville, as had been proposed, to get the offices closer to the center of the active coal fields included in the district.

Request for the wage conference went from the district office at Knoxville Saturday, in the form of a letter, addressed to R. C. Tway, president of the association, and E. R. Clayton, secretary, copy of which was sent out to the press. The letter was signed by William Turnblazer, district president, E. L. Reed, district secretary-treasurer, and Van A. Bittner, chief representative of the international union.

Harlan county has never been an organized field, and operators there who are members of the Harlan association claim that their men are satisfied and that there is no reason to talk wage contract with the union. Three of the largest operators in the field, the U. S. Steel company, at Lynch; the Wisconsin Steel company, at Benham; and the McRae Coal company at Coxton; are not members of the Harlan association, and that union (Iauree-She-Staquin) but employ their labor without regard to union affiliation operating on the open shop basis as do the operators who are members of the association—Pineville Sun.

TURBLAZER WILL BRING  
MORE U. M. W. ORGANIZERS

KNOXVILLE, Nov. 16.—The meeting conditions in Tennessee and south eastern Kentucky will be reported at a national executive board meeting of the United Mine Workers of America by William Turnblazer, district president of the organization, who left Tuesday for Indianapolis where the meeting is being held.

Mr. Turnblazer reports that three organizers are to be brought into this district for the purpose of organizing the mine workers. It is reported that there are already about 15 organizers in the field. H. Pierpont, of Illinois; D. A. Frampton, of Missouri; and George Cecil of Ohio, are the three news members of the gang to be brought in.

Mr. Turnblazer is expected to return to Knoxville Friday afternoon.

## A Presidential Aspirant

## POTENTIAL PRESIDENTS

HIRAM W. JOHNSON

Lawyer. Born Sept. 2, 1869, at Sacramento, Calif. Member of the prosecuting attorney's staff in the San Francisco, holding cases 1906-1. Governor of California 1911-15. Re-elected for term 1915-19. Resigned in 1917. A founder of Progressive party in 1912 and candidate that year for vice president. United States senator from California for terms 1917-23 and 1923-29. Home, San Francisco.

FOOTBALL TEAM TO  
LEAVE IN MORNINGBig Stone Gap, Opposing Team, Not  
Scored on This Year—Boys  
In Good Condition

The M. H. S. football team will leave for Big Stone Gap on the 6:40 train in the morning. Coach Kilpatrick will take 16 men on the trip. The local boys expect a very hard game as Big Stone Gap has not lost a game or even been scored against this year. The Middlesboro team is in good condition and all of the regular players are expected to start the game. Several persons from here expect to accompany the team and witness the game.

The second M. H. S. football team will play La Follette there either Friday or Saturday of next week.

## Epitaph to Covington Again

COVINGTON, Nov. 17.—Covington has been selected as next year's meeting place by the General Association of Baptists of Kentucky which closed its sessions here today.

PINEVILLE, Nov. 16.—The Rev. L. C. Kelly pastor of the Pineville Baptist Church is in Covington this week attending the convention of the Kentucky Association of Southern Baptists. He will return tomorrow.

KENTUCKY WEEKLY  
INDUSTRIAL REVIEWQuestionable Legislative Measures  
Opposed, Regardless of  
Politics

When the living of every man, woman and child depends upon operating industries and payrolls, including farming, why should questionable legislative measures, experiments or candidates be supported if they tend to interfere with or destroy normal industrial activity? This is not a political question, but an issue for every family to consider.

Louisville—New \$75,000 Castlewood apartment building nearing completion.

Lexington—Burley Tobacco Growers Co-operative Association ready to receive this year's crop.

Louisville—Construction of new Brown hotel completed.

Louisville—Park Tobacco Co-operative Association has signed \$30,000 new contracts since May 22.

Louisville—Contract to be let for construction of new hotel at Fifth and Walnut streets.

Henderson—one and one-half percent of all coal mined in U. S. is produced in Big Sandy valley.

Louisville—"The Kentuckian," new magazine devoted to historical interests of the state, to begin publication with November issue.

Haysville—C. &amp; O. installing new chemical plant near legal depot.

Louisville—Early and McDaniel considering establishment of additional grain elevator.

Taylorsville—New Christian church on Bear Ridge completed.

Louisville—New \$50,000 Sunday school annex under construction for Fourth Avenue Methodist Episcopal church.

Sturgis—Work progressing rapidly on new addition to Sulphur Service Station.

Vine Grove—New community building completed.

If you want to  
Sell it—tell it

Just wishing that you could sell something which you no longer need around the house will not sell it.

The days of fairies who bear silent wishes are past.

Tell it in a Want Ad. Your returns will be as remarkable as if the fairies were telling your message.

FOR COOLIDGE  
OVER JOHNSONSenator Lodge Says He Is Close Friend  
of Senate Leader, But Favors  
President's Nomination

Associated Press

WASHINGTON, Nov. 17.—Senator Lodge, Republican leader, commenting today on Hiram Johnson's candidacy for the Republican nomination for the Presidency said he and Johnson were close friends but he was for Coolidge for the nomination. He added that Johnson knows it and the whole country should know it now.

CITY AND COUNTY TAXES  
BEING COLLECTED SLOWLY

Collection of both city and county taxes is going on at the city hall though delinquents are not making any rush on the office.

Frank Kearns, city collector, reports that \$194,300.36 has been collected for city license and taxes, \$101,635.12 being for the latter. The entire amount of taxes this year was around \$125,000.

W. A. Bowman is collecting delinquent county taxes for the sixth, fourth and eighth districts, his office being also at the city hall. Not more than ten per cent of the delinquent taxes have been collected, he says. He will be at the office for collection of these taxes until the last day of this month.

MACHINERY BEING INSTALLED  
IN NEW ICE CREAM PLANT

Machinery is now being installed in the Buttercup Ice Cream company plant and the factory should be ready for operation by the first of the year, according to J. L. Mairning.

C. S. Eckroth, expert ice cream make and dairy specialist, has arrived in Middlesboro to take charge of the work. He has been connected with New York, New Jersey and Birmingham firms and comes well recommended from the latter city. In addition to high-grade ice cream, butter and cheese will also be manufactured at the plant.

The last car load of machinery for the plant arrived yesterday and the work of setting it up continues daily. All of it is of the most modern type, making the factory one of the best in the south.

More than 300,000,000 envelopes will be required to handle the United States government business this year.

Georgetown—Georgetown News completed new plant.

Munfordville—New Letchfield Crossing Baptist church completed.

Louisville—William Belknap to erect 15-story general office building costing \$2,000,000.

## Former Crown Prince's Family

FRANCE AND GREAT BRITAIN  
NEARING RIFT OVER GERMAN  
ATTITUDE ON CROWN PRINCE

## MONEY TO BURN

England Holds French Proposed Penalties, Seizure of More Railroad and Extension of the Military Control Unacceptable

FRANCE DENIES PLAN FOR  
OCCUPATION OF HAMBURG

Associated Press

LONDON, Nov. 16.—Indications are multiplying that England and France are approaching the parting of the ways on the question of how to deal with Germany. France's threatened penalties against Germany if Berlin does not recede from its position on the extradition of the former Crown Prince and the reestablishment of a full allied military control in Germany was declared in government quarters here to be wholly unacceptable to England. Great Britain holds penalties, which include the seizure of more German railroads, occupation of Hamburg and Bremen, consolidation and extension of the Franco-Belgian military control in Ruhr would not only violate the Versailles treaty, but also would plunge Germany into a deeper economic and political mire from which it would be impossible to extricate her.

Associated Press

PARIS, Nov. 16.—High officials of the French foreign office today declare they knew nothing of any plan for occupation of Hamburg by French troops, as reported from various quarters and the idea was declared out of the question in competent quarters here. There is little doubt, however, that France is thinking seriously of doing something to show Germany the treachery of Versailles must be carried out.

L. M. TO MEET  
UNION SATURDAYAiredales Expect Stiff Game With  
Barbourville Team But Are  
Confident of Victory

HARROGATE, Tenn., Nov. 16.—The Airedales of Lincoln Memorial University will meet in combat the experienced eleven of Union College Saturday, November 17, on Bailey Field.

Since the victory of 33-0 over Mary Institute last Saturday the Airedales have been putting in some good time practicing and they expect to put up a good game to win if possible in the game with invincible eleven of Union College.

Albright, one of L. M. C's steady players who was hurt in the game with the East Tennessee State Normal, will be out of the game as also will Niles Brown who is suffering with a bad shoulder. Williamson, fullback, according to Coach Garrett, is showing up well in practice and will be in the game on Saturday. Ellis, the big tackle, will play and it is likely that Buster Brown, who has been out all season with an injured shoulder, will be in the coming game. Joe Carr, one of the new players is making a strong bid for end and Bolton the heaviest man on the team, for tackle.

The Airedales are going to give the Union boys a run for their money and the game promises more than the ordinary quota of excitement.

GREAT RALLY AT MOUNT  
MORIAH PLANNED SUNDAY

A great financial rally will be held at Mount Moriah Baptist Church on Nineteenth Street, November 18, to complete the rebuilt church. The Rev. J. H. Coleman, the church's pastor, will preach at 11 o'clock. The Rev. Sam. P. Martin, pastor of the First Baptist Church of this city, will preach at 2 o'clock and his choir will furnish music.

The Rev. Coleman says: "All the members of Dr. Martin's church and all the white citizens and business men of the city are invited to bear this great man preach. Dr. Martin is best known as the prince of preachers. At 7 p. m. an address will be given by Dr. J. T. Evans, M. D., his subject being, 'What I Would Do If I Were the Devil.' To hear Dr. Evans will be a treat to all. Our honored mayor and his staff are all invited to come and be with us. Everybody is asked to give as the Lord has prospered you."

CO-OPERATION IN  
ROAD IMPROVEMENT

The plan of levying a tax-on gaso-  
line for the improvement of roads by  
citizens is becoming a popular one and  
its result can not be otherwise than  
beneficial. By this method of raising  
revenue for the improvement of roads  
citizens can see the direct result of the  
expenditure, a condition that would  
not result from an ordinary state tax.  
The plan is being used as an experi-  
ment on the Corbin-Barbourville route,  
a 14-mile stretch of road which, in its  
present unimproved state, virtually cuts off the tourist travel from  
this section. If it is successful, it will  
doubtless mark a new era of road im-  
provement in the "Detour State."

No better example could be furnished  
of the co-operation and team-work  
of motorists, farmers, organizations  
and the general public than this voluntary  
tax for the improvement of the  
road and the work and materials  
which are being given gratis. It proves  
conclusively that the people really  
want good roads, that behind all their  
talk on the matter there is a substan-  
tial backing.

The time has come when people  
realize that roads are more than a  
stretch of graded land; they are now  
recognized as the arteries which make  
commerce, business and pleasure pos-  
sible. Even as the chain is no stronger  
than its weakest link, so may a  
splendid road or even an entire sys-  
tem be rendered useless to sections on  
account of a small stretch of road  
which the citizens might improve by  
the direct method.

POCKETBOOK  
NEWS

How about business conditions? Are  
times going to be good or bad? . . .  
Well, the iron industry looks encour-  
aging. And experts for years have  
considered pig iron production a weather-  
vane of general business. It's sup-  
posed to rise or fall six months ahead  
of other lines.

Iron output in October was a trifle  
more than in September, a customary  
seasonal movement, but the production  
was quite a bit less than in May,  
the record month, but production last  
spring was so excessively big that a  
recession was inevitable.

October output of pig iron averaged  
over 101,000 tons a day. In October,  
1914, the average was not much more  
than half as big. As long as our  
basic or key industry is stepping it off  
nearly twice as fast as before the  
war, there's no excuse for pessimism.

Steel industry not only is busy, it's  
preparing to continue so. This year's  
shipments of iron are down the Great  
Lakes, and to the first of November,  
exceeded 54 million tons. This  
compares with about 30 million tons in  
the corresponding period of last year.

If that doesn't shake the blues, try  
this remedy: In October over 360,-  
000 passenger auto and trucks were  
manufactured, compared with only  
239,101 in October, 1914.

Railroads continue handling record-  
breaking amounts of freight. So far  
this year they have loaded and moved  
416 cars of freight for each 373 cars  
in the corresponding period of 1914.

Business men should clip that last  
paragraph and paste it on their desks.

Hauling a loaded sled over 20 to  
40 miles of snow and ice in a single  
day is nothing out of the ordinary for  
Eskimo dogs.

Berton Braley's Poem

TUNE GOLD  
a gleam of beauty  
one pic. gold equals  
They think the color is not  
bright  
With wisdom of beauty  
beauty of beauty equals  
To me and gold, and never  
will work.

filled out with bright of life  
And in each seed the seed of life  
They bring them to the world  
creatively  
And now and then a child comes  
He has a gleam of beauty  
And the world bright, like a star  
is it right?

But silence often best of it  
Nor thought, but after life of it  
That pictures are pictures  
that  
that beauty impresses  
Holes mortal immediacy  
Themselves gazing back the world  
all!

Still, if that individual  
can do it not to bid you all  
To blighting the world, then bring  
the world.

If he can only bring the world  
And couches with it  
The world, but to satisfy when at  
that?

Bring the world the job  
A teacher who was giving the chil-  
dren written exercises, wrote out this  
"Wantful" complement:

"Wanted: A Milliner. Apply by letter  
to Mrs. Smith, 10 Broad street."

The children had to make applica-  
tions for the position in writing.

One youngster wrote:

"Dear Miss Smith: I saw you want  
a milliner. I like to trim hats. Can't  
you get somebody else? Please let me  
know at once. Edith Brown." —  
Pitts (London).

Byways  
"I like living in the country," said  
one who gives a lot of money in  
the Bravery district. "I love to  
walk along the country roads. You  
know you can't owe money to a cow."

Not Dead But Written

The art of conversation is dead,  
writes a contemporary, misundestand-  
ing we think, what has actually hap-  
pened. Most writing today is good  
conversation. What used to be con-  
sidered good talk is no longer found  
except in print, and what used to be

# Adventures of The Twins

By Olive Roberts Barton

NO. 12—MISTER BOB CAT PROMISES TO BE GOOD

He Twins saw him sneaking home in the moonlight.

Mister Bob Cat sneaked Partridge, and that night rode with him  
quietly under the moonlight and I never saw before. Light it looks  
to him, or rather Bob-fool did, deep, I hate warden. Wonder where  
his master to the tree and disappear. When three are, I don't see them any  
more. I steady the house overhead, now. This is the dead branch that  
was broken in. Can't climb up after. Dismount Partridge was sitting on  
him, but Bobby is a now. He is but he goes? Then  
there is New Brumby Partridge, suddenly there was a loud crack.  
in a tree broken and Mister Bob. The dead branch had dropped off  
out of his hand, third returned for his old, with Mister Bob cat on it and fallen  
now. Light into the water. Oh! Oh! Oh!

Wish is not bright, commander Par-  
tridge, he shrieked. But his troubles were not over.

Mister Brumby Partridge set his hand to  
his heart as Tim Tucker.

—I must be getting

dead! said the old fellow in his

voice. "I'll get him this time!"

Bob-fool must have been  
sitting here, for he scampered off  
just as he had before. Then  
Bobby owl hooted overhead and up  
went Mister Bob Cat again. And when  
he got away for the second time,

Partridge Partridge began and nothing  
but Mister Bob Cat on and on and

on from one tree to another till he  
was miles away.

—Say, Namey! said Nick.

When people have witty like that, they don't  
need much help from the Fairy  
Queen, do they? The rabbit and the  
owl and the partridge planned the  
whole thing!"

considered good writing is gone al-  
together.—Chicago News.

That Spoils It

"Don't you think that young man  
is nice, mom?"

"I do not, my dear. He looks too  
much like your father when he was

a young man."—La Rive (Paris).

Out-of-Date

"I love you."

"My goodness! what old-fashioned

book have you been reading now?"

—Life.

It isn't often that the birthday of a  
song is celebrated. That happened,  
however, on May 8, 1893, when the  
centenary of "Home, Sweet Home" was  
observed.

John Howard Payne, the author, was  
born in New York June 9, 1791. He  
was one of a large family. As a boy  
Payne showed considerable elocution-  
ary ability. A friend of the family  
defrayed his expenses at Union Col-  
lege, but upon the death of his mother  
he left college and tried his lot on  
the stage. When only 20 he appeared  
on the stage in England.

Song in Play

Payne originally wrote "Clari, or  
the Maid of Milan" as a play. The  
famous actor, Charles Kemble, to  
whom he had submitted the manu-  
script, told him he would accept  
"Clari" if Payne would set music to it.  
Kemble produced the resultant opera  
and paid the author 50 pounds for it.  
At the time the opera was accepted  
Payne was abusus; starving in an at-  
tice in Paris. Nearly everyone con-  
sidered the opera became wealthy  
through it except Payne.

In later years he said, "How often

have I been in the heart of Paris,  
Berlin, London or some other city and

heard persons sing or band organs  
play "Home, Sweet Home," without

having a shilling to lay myself the  
next meal or a place to lay my head.

Home, home, sweet, sweet home,

There's no place like home,

**NOVEMBER COLORS**

By Hilda Morris

Color rises like a tide,  
Flooding field and country-side;  
Creeping, creeping steadily  
Over field and hill and tree,  
Changing what was green and cool  
To a gold and crimson pool  
In whose eddies leaves are swirling,  
On whose surface winds are curling.

Sumach's scarlet toam is lifted  
Over bronze and purple drifted,  
Silken seeds in white tossed spray,  
Rise and fall, dissolve away.  
Haunting, flaunting colors spread  
Up and up, till oaks are red  
And the very sky is more  
Turquoise brilliant than before.

Then retreating, slow, ah, slow,  
Tides of autumn color go,  
Bearings broken things and brown,  
Sucking under, beating down,  
All the wreckage, leaving only  
Branches bare and woodlands lonely  
Color ebb like some vast tide  
Sweeping bare the countryside  
Like a tide receding far  
To some other world or star,  
Whence, from an eternal shore  
It shall turn to earth once more.

**Missionary Society  
Meets Yesterday**

The M. E. Church, South, Missionary Society held its regular monthly business meeting at Kentenay hall yesterday afternoon. Mrs. D. Z. Gibson, president of the society, was in charge. Mrs. P. M. Parsons gave the Bible lesson, Mrs. C. F. Bristow and Mrs. M. G. Hubbard read papers on "Wesley Houses," and Mrs. M. E. Brown gave an article on "Stewardship." Mrs. J. H. McGiboney gave the Bulletin. A business session followed the program.

Mrs. Felix Sampson  
Hostess Today

Mrs. Felix Sampson entertained the members of the Friday Afternoon Bridge club with a bridge luncheon today at her home on Englewood Road.

**Mrs. O. B. Hollingsworth  
Entertains at Bridge**

Mrs. O. B. Hollingsworth, Sr., entertained nine tables at bridge and about 30 extra guests at her home on Englewood road yesterday afternoon. The house was attractively decorated in yellow chrysanthemums. The hostess was assisted by Mrs. M. S. Hollingsworth, Mrs. Wilbur Hollingsworth, Mrs. Paul Nuckles and Miss Mildred Kerr. Out-of-town guests were Mrs. Tillman Ramsey, Mrs. George Reese, Mrs. Robert Low, Mrs. James Jeffries, Mrs. P. W. Graham, Mrs. O. P. Nuckles and Mrs. Paul Nuckles of Pineville.

**P. T. A. Will Meet  
Monday Night**

The Parent-Teachers' Association will hold its next meeting at 7:30 o'clock Monday evening in the Central school auditorium. Mrs. Helen Forrester, the president, will be in charge of the meeting. Coach J. L. Kilpatrick will give a talk on football, outlining what has been done this year and what further will be attempted in M. H. S. sports. The three first grade teachers, Miss Lela Wilson, Miss Eddie Young and Miss Carrie Pennebaker, are preparing an act to be given by the children of their grade.

a fruit salad seems to give a better balance to the meal if it follows the main course.

In any event a salad course properly served includes a wafer or something of the sort with the salad itself. The accompaniment may be served on the plate with the salad or on a large plate, each person helping himself.

These little nibbles may be used with a fruit, vegetable or head lettuce salad which does not gain its piquancy from cheese.

**Cheese Crackers**

Four tablespoons grated American full cream cheese, 2 tablespoons butter, paprika, small square crackers. Rub cheese and butter to a smooth paste. Spread mixture on crackers, dust with paprika and toast just before serving.

If the crackers are ready on the toaster it's a simple thing to pop them in the broiler while clearing the table and taking in the salad. This insures their hot crispness with the salad.

**Cheese Cups**

Bread 24 hours old, cheese, melted butter.

Cut bread in slices two inches thick. Cut in small rounds with an open top, small cutter. Hollow out a tiny cup-shaped depression in one end of each round of bread. Dip in melted butter, fill depression with grated cheese and put in a hot oven to melt the cheese and slightly brown the bread. Dust lightly with paprika before sending to the table.

Cheese cups are served on the plate with the salad and eaten with the salad fork.

**Cheese Balls**

Whites 2 eggs, 1/2 teaspoon salt, 1/2 teaspoon paprika, grated cheese.

Beat whites until stiff and dry. Beat in salt and paprika and add enough grated cheese to make the mixture the right consistency to form into marbles. Drop in deep hot fat and fry to a golden brown. Drain on heavy brown paper and heat in the oven to serve.

**Christmas Gifts**
**PARTY BAG**

Here is a party bag that's French through and through.

To make it, take a foundation of

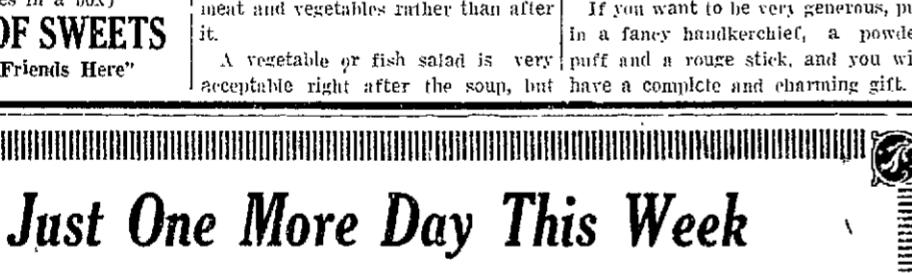

crinoline and arrange on it an assortment of ribbon flowers in the manner sketched, using a row of green leaves or a lace ruffle for the outside. Then cut a bag just the size of the bouquet in a satin to harmonize with the flowers, and join it to the underside.

If you want to be very generous, put in a fancy handkerchief, a powder puff and a rouge stick, and you will have a complete and charming gift.

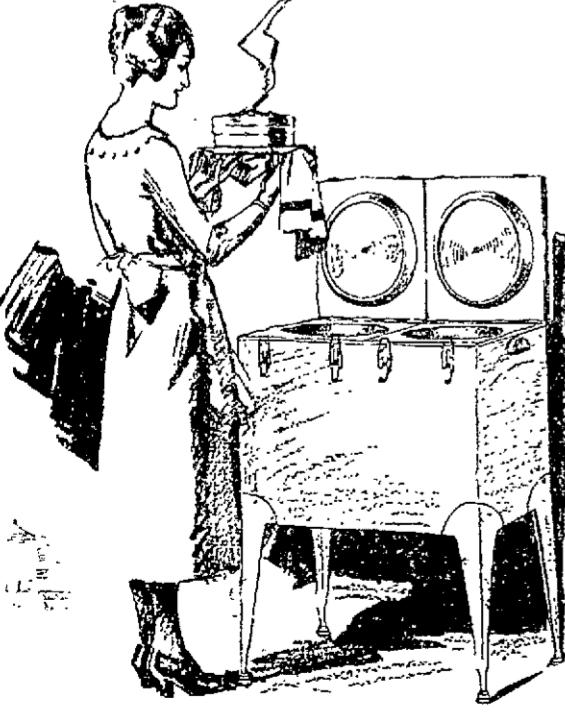

**SISTER  
Mary's

PINEVILLE SCHOOL  
TO BE DIVIDED IN  
TO DEPARTMENTS

Primary, Intermediate and Upper Six  
Divisions Will Make Up Pub-  
lic Schools There in  
Future

EXTENSION BUILDING PRO-  
GRAM IS WELL UNDER WAY

PINEVILLE, Nov. 16.—The Pineville school will be divided into three departments, according to information received today. The Primary Department composed of the first, second and third grades; the Intermediate, composed of the fourth, fifth and sixth grades; and the Upper six, embracing the twelfth grade. A banner signifying the best percentage of attendance is to be offered the different departments by Superintendent Jones.

Thirty-three pupils are enrolled in

backed by all the organizations in this section of the country. Rev. L. C. Keiley of the First Baptist Church is the instigator of the plan and incidentally its president. Mrs. Howard Compton of Louisville will speak. The Kiwanis Club has a membership of over sixty members here. The present officers are: R. E. Samuels, president; Rev. H. J. Penelton, the president and E. R. Martin, secretary and treasurer.

In the Upper Six Department ten teachers are employed, in the Intermediate five, and in the Primary six. An interesting fact is of the six teachers instructing the four High school grades, five of them are college graduates, the other lacking only one-half year. In Kentucky the standard-A schools must have at least 75 per cent of their High school teachers college graduates. Pineville has an average of 85 per cent.

A building program was launched not long ago. A total of \$8,000 was raised. This amount will be used for the building of an annex to the present school, which will include an auditorium, gymnasium, science laboratories and additional class rooms. Plans and specifications have already been adopted and the work will start not later than the first of the year.

Prof. Jones, the superintendent, has been associated with the school for the last three years. The first year he was employed as athletic coach, the second year he became principal of the school and this year he accepted the superintendence which was offered him.

SENTENCED TO 21  
YEARS FOR MURDER

Charles Roop Sent to Penitentiary  
Chenoa Man on Commissary  
Platinum

PINEVILLE, Nov. 16.—Charles Roop, charged with the murder of John Henry Grubbs, of Chenoa, was sentenced to 21 years in the penitentiary Wednesday. The murder was the outcome of an argument, originating on the platform of the commissary.

According to the evidence, Roop and Grubbs were standing on the platform and talk among the crowd centered on cattle. Roop stated that he had a cow which he just refused \$145 for.

Grubbs replied, "If I loved it like that I would hang your neck." Roop retaliated in turn, and Grubbs walked over to him and placing his chin on his shoulder asked his if he had hurt his feelings. Roop told him that he had enough of him. Grubbs drew a knife, according to the evidence, but one of the men stepped up and separated them. Grubbs closing his knife and placing it back in his pocket.

When the men had withdrawn twenty feet apart Roop suddenly turned and shot Grubbs, hitting him the third and fourth shots. According to evidence, Grubbs had been placed in the insane asylum twice before, and Roop considered himself in immediate danger when near him. Witnesses claimed that they were also afraid of him.

The Pine Majestic is about 1700 times the size of the Santa Maria flagship of Columbus.

Nearly 2,700,000 persons of Canadian origin are living in the United States.

Tourist travel is a recognized industry in Colorado, where, in 1922 visitors spent \$42,000,000.

The liner Majestic is about 1700 times the size of the Santa Maria flagship of Columbus.

PIKEVILLE Organization Will Have  
Whole Program Next Week on  
Clear Creek Springs

PINEVILLE, Nov. 16.—The Kiwanis Club of Pineville plans to challenge that organization in Middlesboro to a game of foot-ball, the proceeds of the game to be divided between the two High schools, stated one of the officers of the club today. Robert Wattis and Henry Gibson were appointed as a committee to see the Middlesboro Club and arrange the date of the game.

The Kiwanis Club held its regular weekly meeting last Tuesday evening. Rev. H. J. Brazelton, vice president presiding. R. E. Samuels, the president of the club, was absent on account of sickness. N. Buckner of Asheville, N. C., gave some valuable information regarding that stretch of road between Ceredale and Barboursville, which has been opened. He stated that the road would be kept open all winter as arrangements had been made with road crews. A nominating committee was appointed for the nomination of new officers of the Club for the coming year. Next week's program will be in the interest of the Clear Creek Mountain Springs proposition, which is being pushed on and

OUR FLOUR  
MAKES BREAD  
LIKE THIS

Lots and lots of housewives are using flour that they consider "pretty good" or "good enough." Lone Mountain Milling Company's Best Flour is better than that; it is THE flour.

That's an interesting statement that can be easily proven; just ask your grocer for a sack of this Best Flour just as soon as you are "out." You'll see then why we say it's THE flour!

MAKING A CORD FINISH FOR NECK OF A DRESS

These sketches show how to put a cord hem, bias, fold and how to set this cord around the neck of the dress. A very fine cord should be used.

Cut a true bias strip about one and one-half inches wide for a fine cord. Sew together the edges of the bias strip with the seam to the wrong side. Turn the fold inside out, drawing cord through, as you turn the bias strip. Push the cord to one edge and hold it in place with a line of running stitches. Place it against the right side of the dress around the neck, cord edge down, and sew it to the neck line. Stretch the bias slightly so that it will be flat, and fold it back.

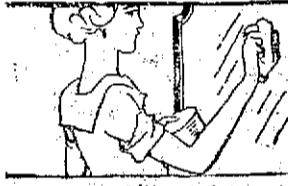

A fine cord may also be used to set the lower part of the sleeve to the upper part of the sleeve and around the waist line.

A pleasing finish for a velvet or heavy cloth dress is a satin-covered cord.

#### HOUSEHOLD HINTS

##### Speckled Mirrors

Remove specks and dirt from mirror

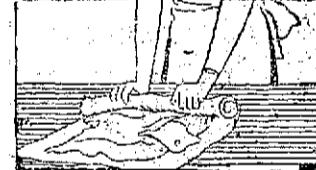

surfaces with whiting mixture to a cream in alcohol.

##### No Sugar Needed

Cook fruits slowly to bring out their sweetness. This makes it unnecessary to add sugar.

##### Dainty Underwear

Do not sprinkle your knitted silk undergarments before ironing them.

Instead, bring a thick towel out of four hot water and fold the dry garment up in it for an hour. Then press with an iron just below the stitching line.

Never use warmed-over coffee. Make just the amount needed for each meal.

Good to the last drop

There is something about a man's humor that tells you on sight what kind of coffee he's had for breakfast.

**MAXWELL  
HOUSE  
COFFEE**

and this prevent much of the "stomach trouble" of today, which is caused by the acid that forms when the coffee stands. Never boil longer than 3 minutes; serve immediately.

Don't burn the fallen leaves; the smoke causes sore throats. Bury them in the garden, to enrich the soil.

Start bulbs now to bloom during the holidays. Plant a few every 3 weeks, so they may bloom till spring.

All pies are more digestible if the lower crust is well baked before the filling is added.

##### Hand-Painted

Embroidered and hand-painting are featured on the new latest sweater and sweater costumes. In styles the surplice, side-tie, golf coat mandarin and slipover are good.

Black and white combinations are shown in the new cottons and wools for spring.

French blue, Nile green and maize are among the most popular shades for lingerie. High-Juster-crepe-meat is a popular material.

# Harry E. Verran Company

Middlesborough, Ky.

Let us hope patrons will take note of. Mrs. Cora Kitts was visiting her this and rally to the support of this parents, Mr. and Mrs. Homer Kitt very important department of the last week.

Mr. and Mrs. H. T. Ritchie motored to Knoxville Saturday and returned Sunday.

O. O. Parks spent the week end with his family here.

Mr. and Mrs. Dan Richmond returned Sunday from Knoxville.

A series of revival services began Sunday at the Rose Hill M. E. Church South. The Rev. J. W. Stewart is conducting the meeting.

W. L. Davison of Jonesville was here Monday on his way to Harrogate where he represented William and Mary College in the inauguration of President Matthews. Mr. Davison was last elected Commonwealth attorney for Lee County on the Democratic ticket.

Mr. and Mrs. H. T. Ritchie, H. H. Hobbs and A. C. Wynn were among those who spent Monday in Jonesville.

A large crowd from Ewing attended the exercises at L. M. U. Sunday. Prof. W. F. Jones went to Pennington Gap where he attended a meeting of the principals of the county high schools Saturday.

B. C. Pegate is building a smelter in connection with his mill.

There are a few cases of chicken pox in the community now, although none are at all serious.

Mrs. W. E. Breeding has returned to her home here after a visit with her daughter, Mrs. W. S. Riley.

Mrs. Neal Russell of Ewing has been visiting relatives at Ewing.

## POWELL VALLEY

The valley folks are enjoying fresh meat which seems to be plentiful now. The best time of the year for the country folks is now. Apples and nuts in the cellar, butchering time which means fresh sausage, ribs, backbones and roasts and wheat and corn in the garner and there is nothing to do but enjoy life. It's great to live in the country.

Will McNew visited his brother, George McNew, a few days ago. The latter received a painful hurt when a log rolled over him in the woods. He was employed by a lumber company.

Herbert Snoverly and Arnold Gibson attend the Epworth League at Wells Springs frequently.

Farmers have finished sowing wheat, are gathering corn and the noise of the corn shelters are heard from every direction.
